## **Camp Fire's Mission**

***Camp Fire Connects Young People to the Outdoors, to Others, and to Themselves.***

We **envision** a world where all young people thrive and have equitable opportunities for self-discovery, community connection, and engagement with nature.

- **Self Discovery:** All young people find their spark, lift their voice, and discover who they are.
- **Community Connection:** All young people find, build, and contribute to their community; they develop meaningful relationships with supportive adults and peers; they feel seen,

heard, accepted, supported, and affirmed for who they are today, and who they will be in the future.

- **Engagement with Nature:** All young people experience the power and awe of the outdoors; they learn to respect, love, and care for our world.

## Green IS The Thing

Our Camp Fire clubs planted over 200 sapling trees, learned about compasses and knots, and had a fabulous time at Camp Killoqua this past weekend. Thank you to all who donated their time to keep camp green. Many of the youth stayed overnight at camp and continued the fun.
